

# INDUSTRY CONNECTIONS

Industry Connections provides students who have an interest in a particular industry area to develop and apply their skills, knowledge and understandings about that industry, while developing their capabilities and employability skills through an industry-related project. Examples of industry areas include volunteering, gardening/horticulture, cybersecurity, hospitality etc.

PREREQUISITES: NIL

## WHAT WILL YOU LEARN?

01. Development of knowledge and understanding of concepts related to the selected industry focus.
02. Demonstrated and relevant connections between the industry project, specific knowledge and skills, and one or more chosen capabilities.
03. Connections of the benefits and future possibilities of the industry project to the industry and themselves.
