Senior College**

# Northern Adelaide Senior College

## *Mission Statement*

In a future focussed world where there is a need for flexibility in education, we empower students to thrive in a supportive environment that fosters academic excellence, individualised pathways and social-emotional wellbeing.

## About Our Vision

At NASC our vision is to provide a holistic approach to learning where students feel included and safe by:

- Enacting agency and choice through individualised learning pathways
- Engaging in a mature learning environment that develops independence and regulation in learning
- Preparing students for their future through diverse and flexible SACE and VET options
- Connecting with wrap around services and community to support all aspects of learners

## Values

### Growth

Nurturing students to develop growth mindsets through flexible learning opportunities which empower them to improve their cognitive, emotional and academic skills.

### Success

Celebrate the individual success of each and every student by creating opportunities that encourage forward thinking and high expectations.

### Belonging

Providing a responsive, safe and inclusive community through developing connections, valuing individuals and collaborating with others.
